   1.1. The Office of Scholarships has oversight responsibility and authority for all institutional scholarship awards given by the university.

   1.2. The Office of Scholarships has three (3) roles related to institutional scholarships: developing guidelines, managing the awarding process, and monitoring.

   1.3. The Office of Scholarships is empowered to review, evaluate, and modify all institutional scholarships that are recommended by the Division of Enrollment Management and/or the Institutional Scholarship Committee. Associated with its scholarship oversight responsibility, the staff in the Office of Scholarships is empowered to conduct evaluations that will assist in the formulation of guidelines regarding the awarding of scholarships.

2. ESTABLISHMENT OF INSTITUTIONAL SCHOLARSHIPS & MATRICES

   2.1. Monies to support scholarships are allocated through institutional or endowment funds. Information related to the creation of a scholarship should be organized by the Director of Scholarships in coordination with the Division of Enrollment Management and the Division of Institutional Advancement; inquiries about the administration of scholarships should be managed to the Director of Scholarships.

   2.2. The Vice President for Enrollment Management, upon recommendation by the Director of Scholarships, shall initially approve the institutional guidelines for
establishment of scholarship matrices that consider parameters for scholarship category creation, issuance, and maintenance.

3. SCHOLARSHIP AWarding PROCESS

3.1. The selection of scholarship recipients and the awarding of scholarships shall be based upon certain academic, service, or performance-based criteria set out in the scholarship matrix.

3.2. 4. CRITERIA FOR Awarding AND RENEWING SCHOLARSHIPS

4.4. Students not meeting the hour or GPA requirement for their first yearly review or those who had intervening factors may appeal based upon acceptable circumstances.
