Texas A&M University-Corpus Christi is committed to protecting the safety of pedestrians and ensuring the safe operation of utility carts and utility cart-type modes of transportation on campus.

The purpose of this procedure is to ensure that Texas A&M University-Corpus Christi has a utility cart safety plan that applies to all university employees, state/federal agency tenants, contractors, vendors, visitors, volunteers, and student employees, who use the specified modes of transportation for official business. Any use other than official business is expressly prohibited.

An authorized cart operator is an individual that qualifies as defined in this procedure, possesses a valid driver’s license and who has successfully completed the Environmental, Health & Safety department’s online Utility Cart Training.

The Environmental, Health & Safety department is responsible for the administration of this program. All supervisors and employees through administrative channels are responsible for compliance with the procedures outlined in the Utility Cart Safety Manual.

The acquisition of cart-type modes of transportation on campus is limited to departments, tenants, contractors, and /or vendors upon demonstration of a valid business need. Utility cart purchases must be approved by the Executive Vice President for Finance & Administration.
5. Refer to the Utility Cart Safety Manual for additional procedures, guidelines, the utility cart routes map, and forms. The required forms include a Utility Cart Purchase Request and a Utility Cart Training Acknowledgement (see Appendix).
