However, on-campus employers who hire or continue to employ a student not currently enrolled in classes during the semester in which the student is working will be responsible for the costs of all related employment taxes and benefits.

4. WORK STUDY STUDENT EMPLOYMENT

4.1 Students awarded Work Study employment through the Federal or Texas College Work Study Program must meet certain financial need criteria; maintain satisfactory academic progress; and be enrolled at least half-time. Students may not be paid under the Work Study program without the approval from the Office of Student Financial Assistance and may not begin work in a Work Study position earlier than two (2) weeks prior to the beginning of the semester.

Federal or Texas College Work Study funds may not be used to pay a student during any time that student is not considered fully eligible to use work study funds.

4.4 The employing unit pays a portion of the student’s wage and benefits and the remaining portion is paid by the financial assistance program. Hiring units should ensure that the student’s work time and allocation are prorated so the student may continue to be employed during the entire period. If the hiring unit erroneously
employs a student under the Work Study object and title codes, that unit will assume full fiscal responsibility.

It is recommended that student employees have an established, regular schedule of no more than 20 hours per week in all combined jobs to allow for any unexpected variances such as covering extra shifts, etc.

5.3 Employing units will be responsible for any overtime charges for a student working 40 hours or more.

5.4 The hiring unit is responsible for 100% of the student wages plus applicable fringe benefit costs associated with non-Work Study employment.

6. **PAY & BENEFITS (EXCLUDING HEALTH INSURANCE)**

6.1 Hiring units should pay students fairly and equitably and in accordance with the Student Pay Plan. Student employees do not qualify for vacation, sick leave, emergency leave, or holiday pay.

6.2 For pay purposes, hiring units will submit all required electronic payroll forms. Time sheets for university funded/institutional student employees, however, will be retained in the hiring units for audit purposes.

7. **HEALTH INSURANCE**

7.1 Federal law requires employers to provide group health insurance to any employee, including student employees, who work more than an average of 29 hours per week. Hours worked as federal or state Work Study are excluded from hours counted for insurance eligibility. The student employee may be entitled to this benefit for up to 12 months even if hours worked are reduced to less than 30. This benefit will remain with the student even if there are changes in the employing departments. For more information, refer to System Regulation 31.02.02, Group Insurance Programs or contact Human Resources.
