## Procedure

---

### 1. GENERAL

The main campus of TAMU-CC is in an ecologically sensitive area, which includes protected wetlands that serve as a habitat for numerous rare and endangered species. All university facilities must be used in a way that respects, conserves, and protects the unique environmental setting.

### 2. EXCEPTIONS

2.1. The Mary and Jeff Bell Library is exempt from the requirement for individuals to have written permission to use the facilities. As a government documents depository, the Bell Library holds copies of government records of protentional use to all citizens and is thereby committed to offering access to these documents. In addition, the Bell Library offers community access to unique spaces including the I-Create lab and rotating exhibitions and events.

2.2. There are areas such as residences, the Bell Library, utility buildings, etc. that have distance requirements, crowd placement restrictions, and security concerns that may vary depending on security needs, terror alerts, and other factors. Additionally, security needs, terror alerts, and local and national events may affect the availability of spaces that would otherwise be routinely available. Information about existing requirements, restrictions, or security concerns will be discussed at the time the reservation request is processed.

2.3. The President or their designee has authority to grant exceptions for use agreements and/or waive facility use fees.

### 3. GROUP AND FUNCTION DEFINITIONS

#### 3.1. University Groups

3.1.1. A department is an administrative or academic unit within the university that is staffed by university employees acting within the scope of their employment. This may include volunteers approved by Human Resources and the department.

### 3.2. Non-University Groups

Non-university groups may include some members or participants who are university personnel, alumni, or students but the university does not have control over these organizations' activities, nor do they exist for the primary purpose of supporting the university's mission. Examples include but are not limited to: individuals, for-profit groups, non-profit groups including professional organizations or societies, governmental organizations, other universities, and political groups.

### 3.3. University Functions

University functions are activities scheduled, planned, participated in, and/or performed by university groups. There are several types of functions within this definition.

3.3.2. Departmental functions are activities performed by a unit or department of the university that have a purpose significantly related to the mission of the department or the guests of the department. Fundraising, sales, and solicitation activities that are conducted by university groups or individuals will also fall under this category if the proceeds are not exclusively benefiting a student group, recognized student organization, the university, or another state agency.

## 4. USE OF UNIVERSITY FACILITIES

- 4.1. For the university to ensure consistent, efficient, and effective use of facilities, scheduling is decentralized. Authority to schedule university facilities and space will be delegated by the President to various campus administrators.
- 4.2. All university physical spaces, including buildings, grounds, and parking areas will be used for the purposes for which they are designed. In those cases where a request is outside the original design purpose, the facility administrator may allow an exception.
- 4.3. For most facilities, priority for scheduling will first accommodate all academic functions. Other uses of facilities or physical space must not interfere with academic functions.
- 4.4. University functions that involve only university personnel and/or students will be coordinated and scheduled by the appropriate administrative units.
- 4.5. Community Outreach coordinates and schedules non-university functions. Non-university groups will submit details of their functions to Community Outreach to initiate the reservation process.
- 4.6. Written use agreements are required for all non-university groups and functions using facilities. The agreement will provide information to include financial responsibility, insurance coverage as well as the fees to recover costs associated with the use of space, personnel, and equipment.

## 5. FACILITIES SCHEDULING

## 5.1. Academic Facilities

- 5.1.1. Approved academic courses are scheduled through the Office of the University Registrar into rooms using the appropriate software to ensure no conflicts exist and appropriate needs are met. Room changes due to class size, maintenance, or other needs follow this same process.
- 5.1.2. Requests for scheduling academic facilities other than regularly scheduled courses will be made through the Office of the University Registrar by submitting an Academic Facilities Request Form located on the Registrar's website. Examples are review sessions, additional class time(s), etc.
- 5.1.3. After Hours/Weekend/Holiday Use of Academic Facilities
  - 5.1.3.1. In order to provide good stewardship of university resources, after-hour, weekend, and holiday use of academic buildings may be limited and/or restricted to designated buildings or areas only as deemed appropriate by the President or the appropriate designee. It may not be possible to honor a specific building request. The Office of the University Registrar will use a prioritized sequencing of buildings to determine the best location.
  - 5.1.3.2. Hours between 11:00 p.m. on Friday and 7:00 a.m. on Monday are considered after hours and weekends. Recognized holidays are posted on the TAMU-CC website.
  - 5.1.3.3. Once the requestor completes the Academic Facilities Request form, the form will be routed to the Office of the University Registrar to determine whether the requested building(s) will be approved for use beyond regular hours of operation.
  - 5.1.3.4. Supervisors will be notified of the group size, scope of the event, and if it is a non-university function by the requestor as required by the college or division.
  - 5.1.3.5. Whenever use of academic buildings is requested outside of regular operating hours, a report of services requested will be sent by the Office of the University Registrar on Mondays and Fridays to the respective departments.
  - 5.1.3.6. The Office of the University Registrar will ensure that these services are requested for university events in academic buildings beyond regular hours of operation.

5.1.3.7. Cost-recovery for these additional services will be processed through inter-departmental transfer of funds (IDT) and debited from the requesting department. Cost estimates are available in advance upon request with adequate notice. It is the requestor's responsibility to communicate with their dean regarding any charges to the college or department.

5.2. Non-Academic Facilities
